

COMMISSION FREE FACE UP PAI GOW

RULES TO REMEMBER

- This is a commission free game in which all winning Pai Gow wagers pay 1 to 1. When the dealer plays an Ace-High Pai Gow hand, all standard Pai Gow wagers automatically push.
- After the cards have been dealt, the dealer will expose their hand first.
- Once each player has set their hands and placed their cards face down on the appropriate area of the layout, the player may not touch the cards again.
- Players are not allowed to show their hands, or talk to other players about their hands, until each player has set their hand.
- Player's are responsible for arranging their own hands and should do so with care. Any player's hand that is set incorrectly (e.g., the two-card low hand ranks higher than the five-card high, or player puts three cards in low hand and four cards in high hand) is considered an automatic losing hand.
- The dealer's hand cannot be set as an automatic losing hand. If this happens, the hand will be reset according to the "house way."
- You may always ask the dealer for help in setting your hands. The dealer will explain to you how the House would play the hand.
